## **FINAL SEMESTER EXAMINATION, SPRING 2020**

**(13<sup>th</sup> to 24<sup>th</sup> July)**

### **IMPORTANT NOTICE FOR STUDENTS**

After successful conduction of Mid-Semester Examinations, a few words of advice are that all students must ensure availability of proper ICT equipment along with uninterrupted internet and electricity supply (generators, UPS) for the Spring Semester 2020 Final Examinations. In this context explicit instructions have already been provided previously. It is responsibility of every student to take the online exam. However, genuine issues in inability to take the exam will be addressed but non genuine cases which can easily be identified may have to face options that may adversely affect their Grades.

Best of luck in the forthcoming exams
